Junior Day Camps

Junior Day Campers have the chance to experience the magic of camp, try new activities, make friends, develop new skills and spend time at home each evening. There is no doubt after spending a week with our amazing staff and the other campers they will be begging to stay as overnight campers, or at least pass out in the back seat of the car on the way home.

Our junior day campers enjoy each day in their own special group, which goes everywhere and does everything together. Each day campers have time with the horses and at the waterfront (weather permitting). They also can create crafts, explore nature, participate in acting games, experience our games cabin as well as enjoy a variety of other activities based on the weekly theme. The theme for junior day camp is similar to the overnight camp taking place the same week, with its own unique twists and adventures. Staff to camper ratio is 1:6 with a minimum of 2 staff members. Junior day campers occasionally see and interact with overnight campers, mostly at meal times or as they navigate throughout camp.

Senior Day Camps

Our senior day camp gives children whose schedule is too full to stay overnight or for the camper who is a little older but not quite ready to be a way from home for a week the chance to experience the special times and feelings which only camp offer. Senior day campers join an overnight cabin group and can participate in the same sessions, free-times, and other programs and activities as the overnight campers. They become overnight campers, but have the chance to go home each evening.
